

# Blind Measurement sheet

Use this helpful measuring sheet to record your measurements before ordering online

Blind No	Location	Width (mm)	Drop (mm)	Fit	Control side	Control Length	Colour
1							
2							
3							
4							
5							
6							
7							
8							
9							
10							

## What do all these things mean?

- Location** Your reference for where the blind is going to go in your house, ie Kitchen, Lounge etc
- Width** The measurement across the width of the window in mm
- Drop** The measurement from the top to the bottom of the window in mm
- Fit** Is the blind fitting on the inside or outside of the frame, Options would be **Inside or Facefit**
- Control Side** The side you want your blind controls on, Options would be **Left or Right**
- Control Length** How long you want the length of your control to be from the top of the window where the blind will be installed
- Colour** What colour you would like the blind to be
