Vision Screen Sunfilter Fabric

Description

Vision Screen is a 5% open Sunfilter fabric designed to give maximum view and light control whilst providing effective heat and glare control.

Ideal for living areas or when both your view and your living environment are both important to you.

Specification:

- Composition: 30% Polyester, 70% PVC
- Openness factor: 5% (how much solar radiation is released through the fabric)
- Weight: 410 grams per square metre
- Thickness: 0.55mm +/- 5%
- Tensile Strength: 169 kgs in warp, 175 kgs in weft
- Colour fastness to Light: Grade 7/8
- Fire Classification NFPA701 & BS5867

Care

Fabric should be regularly dusted/vacuumed as appropriate and may be wet cleaned to remove grease or finger marks etc.

Recommended cleaning agent is mild detergent in lukewarm water. Fabric may be sponged but severe rubbing should be avoided.

White spirits may be used for spot cleaning; methylated spirits (ethanol) and dry cleaning solvent (Perc) must not be used. As usual, if commercial spot cleaners are used, then instructions regarding testing of an inconspicuous area should be followed.
